## ELEMENTARY AND HIGH SCHOOLS (By Counties)

The list of elementary and high schools is set up according to the organization of the various counties. Counties are divided into their districts (or areas, if the county is one district) and the schools in that district or area are listed alphabetically. District or area superintendents are given at the beginning of each district or area.

The list contains all schools in South Carolina except one and two teacher Negro schools, which are listed in mimeographed form and may be obtained on request to the State Agent for Negro Schools, State Department of Education.
